

# Opportunity to Make a Real Difference

## Business Development Manager

**Package: c£35k basic, OTE £55k plus car, benefits and relocation package**

**Location: Great Yarmouth**

With a reputation for delivering amazing customer service, our client is looking for an accomplished Business Development Manager to work across the UK to bring in new business from a wide range of clients primarily in the oil & gas and renewable energy industries.

Working with a team of professionals you must be able to clearly demonstrate your ability to work with colleagues to:

- Produce and implement the sales plan
- Execute an effective direct marketing approach
- Make sales visit to clients across the UK to present the company's capabilities and secure new business
- Implement and maintain an effective CRM system

A degree or similar in a technical subject is desirable as is self-motivation to challenge yourself to learn and succeed with the flexibility to travel across the UK as required. A technical training programme will be provided.

If you are keen to use your business development skills in a unique environment, have excellent analytical, interpersonal and priority management skills with great attention to detail then please apply for this opportunity to develop personally and technically.

Please send your CV to: [rachelb@us2uconsulting.com](mailto:rachelb@us2uconsulting.com) or telephone **01603 716852**
