

Passionate about Numbers, People and Manufacturing?

Financial Controller

Package: c£60k plus performance related bonus, benefits and relocation package

Location: South Norfolk

With a reputation for manufacturing high quality products and delivering excellent customer service in an exciting industry, our international client is looking for a Financial Controller who loves numbers and working with MRP systems. This role also has leadership responsibility for a small Finance Team so the successful candidate must be great at leading, motivating and developing people too.

We seek someone with ambition who can grow this role in a highly respected company that specialises in the manufacture of vehicle recovery equipment for customers worldwide.

Working with colleagues you must be able to demonstrate your ability to:

- Build strong, professional relationships with colleagues in the UK and in the US
- Work with colleagues to produce timely and accurate management accounts and cashflows
- Manage debtors, VAT, financial risks and exceptions efficiently
- Review costs and selling prices to enable competitive advantage
- Lead, manage, motivate and coach the Finance Team members to achieve high standards

This role requires a strong accounting background and confidence managing financial information in a manufacturing environment, ideally engineering -related. A finance or management qualification is desirable along with great commercial awareness, communication and organisational skills. You will probably be a strong character who can work well with colleagues to influence positive change if it's "best for the business", sometimes in a challenging environment.

If you are calm under pressure, passionate about giving great customer service, have excellent numerical, accuracy and analytical problem-solving skills then please apply.

Please send your CV to: rachelb@us2uconsulting.com or telephone **01603 716852**
