

Going Digital with Jackson & Co!

US2U Consulting have been working with **Jackson & Co**, Colchester's leading Estate Agency, on their business planning, marketing and people development.

To ensure they stay ahead of the competition in this digital age, we have also produced a video explaining the various stages of the Lettings process, for the benefits of Tenants and Landlords and to enhance Jackson & Co's online presence.

Please watch the video, 'Let us help you understand the Lettings process' and let us know what you think!

Find out more about how you can benefit from an US2U Consulting-produced promotional video!

Improve Your Team's Performance...

Managing Conflict in the Workplace

Conflict has been widespread throughout the UK lately - with increasing political pressures and uncertainty - meaning the last thing we need at work is for internal conflicts to undermine our productivity further.

In our latest publication, 'Managing Conflict in the Workplace', we look at the typical reasons for conflict and consider potential tips and strategies that we can all use to help resolve conflict.

Click on the Managing Conflict sign to download the publication and do let us know your thoughts on this topic! [Find out more about our range of services here.](#)

US2U Consulting adds to the Ranks with Summer Intern

We have added Lee Casey to the team, who joins us as a paid Summer Intern. Having completed the second year of his degree in BSc Psychology at the University of East Anglia, Lee is keen to relate his skillset to experiences and activities in the consulting world.

This follows news of US2U Consulting being awarded the New Anglia LEP Youth Pledge Marque - [find out why!](#)

Testimonial INTO[®] UNIVERSITY OF EAST ANGLIA

"My Management Team and I found it really productive to work with US2U Consulting to design and implement a number of leadership initiatives to drive continuous improvement across our business and maintain and develop the great service we give to our students. We worked together to create a tailored staff survey which has enabled us to progress priority areas and raise standards. It has also been useful to continue our leadership development journey by exploring processes and behaviours which mark us as a world class organisation. Thank you Rachel and US2U Consulting!"
